**Reasons for the Revision**

The Company announces its earnings forecasts for the fiscal year ended March 31, 2017, which had been undetermined at the time of the announcement of the results for the fiscal year ended March 31, 2016 (on April 27, 2016), as a result of difficulty in reasonably calculating earnings forecasts due to uncertain influence of the 2016 Kumamoto Earthquakes.

The above forecasts and other descriptions in this release are based on the information that the Company has currently obtained and on certain assumptions deemed reasonable as of the date of this release. Actual results may differ from these forecasts due to various risks and uncertainties.
