NIPPON STEEL CORPORATION
BE THE BEST STEELMAKER

With manufacturing bases in Japan and 15 countries or more worldwide, Nippon Steel Corporation is Japan's largest steelmaker and one of the world's leading steel producers. Our group—the Nippon Steel Group—does business in four areas, starting with our core segment of Steelmaking and Steel Fabrication and including Engineering and Construction, Chemicals and Materials, and System Solutions. We undertake these businesses based on five pillars laid out in our Medium- to Long-Term Management Plan: 1) promoting our domestic steel business and strengthening our group's management, 2) promoting a global strategy to deepen our overseas business, 3) taking on the challenges of carbon neutrality and decarbonization, 4) promoting digital transformation strategies, with an aim to continuously improving. The "best steelmaker with world-leading capabilities," we will pursue world-leading technologies and manufacturing capabilities and contribute to society by providing excellent products and services.
