Announcement of Revision in Forecast for Performance

In view of recent trends in performance, the Company is announcing the following revisions in its forecast for the fiscal year ending March 31, 2014, which were released at the time of the announcement of results for the first quarter of fiscal year 2013 (on July 31, 2013).

Consolidated operating results for fiscal 2013 (April 1, 2013 to March 31, 2014)

(Millions of yen, except per share figures)

	Net sales	Ordinary profit	Net income	Net income per share (¥)
Previous forecast (A)	—	300,000	—	—
Revised forecast (B)	5,450,000	340,000	200,000	22.00
Change (B–A)	—	40,000	—	
% change	—	13.3	—	
(For reference) Actual for the previous fiscal year ended March 31, 2013	4,389,922	76,931	(124,567)	(16.23)

Reasons for the Revision

At the time of the previous quarterly result announcement, only ordinary profit of a full-year forecast for fiscal 2013 had been posted. At this time, based on current economic trends, the Company is announcing a full-year forecast for fiscal 2013.
